## Professional Summary

---

Experienced Frontend Developer with 2 years of expertise in designing and developing scalable, responsive web applications. Proficient in ReactJS, NextJS, JavaScript (ES6+), TypeScript, HTML, and CSS. Strong focus on state management, debugging, and performance optimization. Skilled at translating complex requirements into intuitive user interfaces for seamless, user-focused experiences.

## Skills

---

**Frontend:** HTML, CSS, JavaScript, TypeScript, React.js, Next.js

**Backend:** Node.js, Express.js, SQL, MongoDB

**Libraries and Tools:** Bootstrap, Tailwind CSS, Material UI, Redux, Git, Webpack, React Testing Library

## Experience

---

### React JS Developer

Bangalore

*MetricStream*

Sep 2022 – Aug 2024

- Engineered feature-rich web solutions for Governance, Risk, and Compliance (GRC) products using React.js, Next.js, Redux, and React Hook Forms, improving system usability by 30%.
- Translated Figma designs into pixel-perfect, responsive web pages in close collaboration with the UI/UX team, reducing design-to-development turnaround time by 20%.
- Enhanced application performance by introducing innovative features and optimizing existing functionalities, resulting in a 25% increase in user engagement and a 15% improvement in load times.
- Monitored and optimized Web Vitals metrics, including Largest Contentful Paint (LCP), Interaction to Next Paint (INP), and Cumulative Layout Shift (CLS), to elevate user experience.

### Software Engineer Intern

Hyderabad

*NextWave*

Nov 2021 – Aug 2022

- Built a strong foundation in web development with HTML, CSS, and Bootstrap, crafting responsive and visually appealing user interfaces for diverse applications.
- Developed dynamic, interactive web applications leveraging JavaScript, React.js, and React Hooks, enhancing overall functionality and user satisfaction by 35%.
- Utilized Material-UI and other modern libraries to create scalable, accessible, and visually engaging React.js solutions, reducing development time by 15%.

## Projects

---

### GRC Product

- Developed dynamic form templates and interactive reports leveraging React JS, resulting in a 15% improvement in user engagement and functionality.
- Streamlined form management using React Hook Form and Redux, achieving 99% data accuracy and reducing form-related errors by 30%.
- Authored 100+ unit test cases with Jest, increasing code coverage to 95% and ensuring robust quality, reliability, and stability.

## Education

---

### Rayalaseema University

Jun 2017 – Aug 2020

*BSc in Computer Science*

- GPA: 7.3/10.0
